EDUCATION

Modern University for technology And Information, Cairo, Egypt (2020) – (2024)

Bachelor's in computers & Artificial Intelligence, minor in Computer Science

- Current GPA: (3.24)
- Graduation Project: (A+)

WORK EXPERIENCE

- **MGH (Marketing Growth Hub)**
  - ❖ Ai Engineering Team lead (9/2026) – Present

- **AMIT Learning**
  - ❖ Senior Tech Support (12/2025) – (8/2026)
    - Promoted to Senior Tech Support to lead technical operations and support AI-related systems and workflows.
    - Leading a small tech support team and coordinating daily technical operations
    - Supporting AI tools, platforms, and system performance
    - Contributing to improving technical workflows and support processes
    - Mentoring junior team members and enhancing team productivity

  - ❖ Tech Support – DEPI Round 3 & 4 & 5 (AI Track) (10/2025) – (8/2026)
    - Providing technical and educational support in a large-scale AI learning environment as part of the Digital Egypt Pioneers Initiative (DEPI).
    - Supporting 30+ student groups across AI tracks
    - Assisting instructors in delivering AI content and preparing technical materials
    - Guiding students in understanding Machine Learning and Deep Learning concepts
    - Troubleshooting technical issues related to AI tools, environments, and projects
    - Supporting students in building and completing real-world AI graduation projects

  - ❖ AI Tech Support (6 / 2025) - (12/2025)
    - Coordinate with instructors in both **B2C** and **B2B** tracks to ensure session materials are prepared and aligned with learning objectives.
    - Provide real-time support during live sessions by assisting instructors and helping students troubleshoot technical issues or clarify concepts.
    - Review, grade, and provide detailed feedback on students' assignments and quizzes.
    - Offer continuous support to students outside session hours by resolving technical challenges and explaining difficult topics.
    - Evaluate and discuss students' graduation projects, assessing technical quality and providing constructive feedback.

INTERNSHIPS

- Arab African International Bank (17/7/2022)-(11/8/2022)
  Trained for one month and learned the basics of every department in the bank.

- Banque Misr Internship (7 / 2021) - (8 / 2021)
  - Rowad Program (Entrepreneurship & Career Development)
  - Excellence in Customer Service
  - Effective Communication Skills
  - How to Create a Professional CV
  - Bank Misr Core Values
  - Personal Loans and Mortgage Products

TRAINING

- Machine Learning and AI Diploma (28/7/2024) – (1/6/2025)
  In AMIT

- FLUTTER App Development using DART (4 months) (2022)
  In RMS Services company

PROJECTS

❖ **Brain Cancer Detection** (2023)-(2024)

- Making detecting application (website & Mobile application) to detect if the patient has tumor or not and show the locate, grade, type and treatment for the tumor from MRI using Machine learning and Deep learning.
- Using Flutter to make Mobile application.
- Using Html, CSS and JS to make website.
- Using python to create Deep learning model.
- Using Flask to link models with website and mobile application.
- Using Firebase to create database for the user and link it with website & mobile.

VOLUNTEER

- Volunteered at YLY of the Ministry of Youth and Sports (24/8/2022) – (30/7/2024)
  - Leader of Coordination team Jul 2023 – Jun 2024
  - Operation Member Aug 2022 - Jul 2023

SOFT SKILLS

- Teamwork & Collaboration
- Time Management
- Effective Communication
- Problem-Solving
- Adaptability
- Attention to Detail
- Critical Thinking

HARD SKILLS

- **Artificial Intelligence & Machine Learning**
  - Machine Learning Algorithms
  - Deep Learning
  - Computer Vision
  - Data Preprocessing & Feature Engineering
  - TensorFlow
  - Keras
  - OpenCV
  - Scikit-Learn
  - NumPy & Pandas
- **Programming & Development**
  - Python
  - C++
  - Flutter & Dart
  - Firebase
  - Git

LANGUAGE

- Arabic
- English
